PRESIDENT: I have to seek the answer to this question for you, Senator Carsten.

SPEAKER: By an action of this body a determination was made sometime last week, probably Friday-I'm not certain of the day, that those bills that were on the priority list be advanced one by one to Select File. That is an action of the Legislature. There is nothing that I or anyone individual could do to change that. It would have to be a collective move of this body. I can anticipate none of those. Otherwise, it would stay right where they are, as if we continued for 95 days--they would still be there.

SENATOR CARSTEN: May I ask one more question then, Mr. President?

PRESIDENT: Yes sir.

SENATOR CARSTEN: Then, Mr. Speaker, I'm assuming you are saying that we will continue in January just as if we would start tomorrow morning in this same position with those priority bills on Select File as if they were on General File? Is this true?

SPEAKER: Yes.

SENATOR CARSTEN: Thank you.

PRESIDENT: Start Final Reading? All Senators be in your seats please.

CLERK: Mr. President, there will be inserted in the Legislative Journal a letter forwarding LB 526 to the Secretary of State, together with the certificate of the Speaker certifying its passage by the Legislature over the objections of the Governor.

Mr. President, LB 217 on Final Reading.

(machine turned off)

CLERK: Motion on the desk, Mr. President.

PRESIDENT: Read the message.

CLERK: Read message from Governor, found on pages 2018 and 2019 in Journal, regarding LB 259 and 259A.

PRESIDENT: Senator Frank Lewis.

SENATOR F. LEWIS: Mr. Chairman, I rise on a point of personal privilege.

PRESIDENT: What is your point?
